The Commission began the review of the updated compiled scoring of all the projects by viewing the current spreadsheet. Discussion was held on reasoning for some of the changes in project rankings as well as the contingent lists.

After that discussion, the Commission reviewed the spreadsheet to determine which projects- as currently scored- would fall into the Primary and Contingent project lists. The project balance throughout the County was emphasized and reviewed.

The discussion then turned to the process of meeting in work session with County Council and the opportunity to submit priority findings and receive feedback from Council members. Commission members discussed potential issuance of debt by the County in order to move

priority projects along while the sales tax proceeds are being collected and distributed. A draft of the potential ballot language will be circulated for Commission members to review and comment.

The Commission discussed the value and importance of the upcoming May 28 work session with the County Council, and all agreed that in person attendance would be productive. To prepare for the work session, the Commission scheduled a virtual meeting to be held at 9:30 am on Tuesday May 21, 2024.

The meeting was adjourned at approximately 1:57 pm via motion by Cooper, second by Crenshaw.
